

task 2: today technology is evolving. It even developed each hourly. We should we need to access quickly. Every day, we need to reach them. Modern technology helps people in daily activities . However, we must note the general using a clever way to not affect health. Every day we need a little relaxation is necessary to use air conditioning. Radio tells us a lot about the daily news, social life problems. but we need to know how to distribute it in the most logical one. task 1: 1997, Pham huu lau street cao lanh city_ viet nam May 10th, 2016 Dear Jan, How are you ? I have just received your letter. i am very pleased to hear that you are going my house for this summer vacation. We will visit ha noi university where i am studying , have a picnic at va mieu park, go to VINAfood mart.I will make salad spinach with mayonnaise.. mt house is opposite it.in font ò my house is abc photo shop. i have enclosed a map so that you . Take care because of many intersections. call me when you come to vietnam , we will plan for vacation more details. looking forward your reply soon. love, loan
