

Task2: Flexibility when shopping. A major advantage of shopping online is the flexibility of procurement. Because online stores do not have holidays, closed or any other problems. You can also take the initiative on shopping time. Whenever, wherever, though 1 pm or 12 pm, you can still surf the web and order, not dependent on opening hours of the shopping center. Save time. For those busy no time to shop, then this is considered to be the biggest advantage of online shopping services. Instead, you wander for hours to the shopping center. Simply, you can sit at home and choose their favorite items by clicking the mouse. It only takes 10 to 25 minutes to find the items you need and then staff will promptly ship your order in person. Comfortable compare prices and quality products. If you're tired of going to the market, shops or traditional shopping centers, where prices are listed quite difference for the same item, you must go to each place to see, compare knew price. With online shopping, to know exactly what you need to buy, you just need a few clicks to skip a number of websites, forums, you easily understand the best prices for their items quickly and convenient. Shopping is safe. If you go shopping in the shops, markets and supermarkets .. you have to carry a huge amount of money will be very inconvenient and sometimes you will be at risk. Plus, you have so many things slip carrying goods and shambled humoredly ride home. Conversely, if buying online, you do not need to go out with fear theft or you do not have to worry about carrying bulky furniture. Goods will be delivered with a sealed housing and safety engineering. Avoid the hassle of annoying. One of the reasons why many people are afraid to go out shopping scene scared encounter traffic jams, smog, heat, sight must jostle and long queues during peak hours in the supermarket or the mall or see the sellers have not been pleasant in some places sell hang.Voi purchase online, you will get rid of this nuisance.
