

Task1: Dear Trang, I have received your letter just now. In your letter, you have wanted to know my visit to the zoo. Now I am writing you about it. Last month I along with my friends went to Zoo. It is situated on Kim Ma and we went there by bus. Firstly, we bought tickets to enter inside. There we saw many wild animals and birds. When we went to the cages of monkey, they started chattering and jumping from one bar to another. There we also saw snakes, crocodiles, peacocks, deer, elephants, hares, birds, etc. We spent much time to go around. So we became tired; but we enjoyed the visit to the zoo very much. No more today, write to me about your interesting visits as soon as possible. Your loving friend Tam

Task 2: Hi! I'm Tam, recently I have heard people talk about the topic: "Theme parks are the best place for teenagers to play nowadays," and I would like to present my opinions about it. In my opinion, I think the park is a very interesting place. First, people can do what they want as exercise, dance, play or can organize a picnic for example... That would be very good to relieve stress after work or school tired. Second, it helps us to work more to get more healthier. Third, it helps us to know many new friends and learned many interesting things in life. And it helps us to express their talents through collective action. Finally, I think we should go to the park more because there are so many things worth learning. Thanks for listening to my comments.
