

Task 1: Dear Ally, It was pity that you can not come to my birthday party, but i'm glad to read your note. That party was the happiest one in my life. My parents celebrated it for me. I invited all of our friends to the party. We played lots of game and sang many songs. We also ate birthday cake and drank orange juice. I received a lot of presents from friends and family. Thank you for sending my present although you couldn't come. The dress is beautiful, I can wear it with the doll shoes my parents gave me. Looking forward to hearing from you. Love, Trang

Task 2: In my opinion, I don't think an ideal house only needs to be large. A large house that you are lonely can't call an ideal house. I think house is the place where you have family, you can depend on them when you have difficult and smile with them when you happy. An ideal house can not base on how big the house is but base on how happy when you live in that house. The house can be small but you can know how to decorate it, the house will be beautiful and everyone wish to have a similar house like yours. So I think the house where you familiar to and you think it belong to you is your ideal house
