Thank you Best friend, Hoa Task 2: " It's bad to keep animals in zoos", I think, too. As you know, animals are very important in environment. Why we said to animal are important. Because, animals make the world diversely. Besides, animals effect to environment. So, we shouldn't keep they in zoos because they musn't free and bear from humans. Then, they will be awesome. Example, polar bear in Ostraylia in 1994, one person is Kathryn Warburton climbed fence to selfie with it. Then, it bited her. She was broke legs. In cluding, we will protect animal. We shoulnd't to keep animals in zoos.
