

Task1 Hi Ally, I'm Linh. I know you're too busy to come my birthday party. It's alright. I sang, danced and ate cakes with my friends at the party. That day, Huong, Minh, Huyen and some friends toojok part in the party. I got many presents such as teddy bear, flowers, and dresses. At the party I'm very happy. Your friend, love Linh.

Task 2 What's your ideal home? Do you think your house only needs to be large? I don't think so. I like my house but it's not perfect, some of the rooms are too big and two of the bedrooms are too small. Ideally I'd like a sea view. If your house is very large, you'll comfortable and very fond. Your house is big but needs beautiful and happy, I think.m I'd like at least four bedrooms for when people come to stay, extra baths and toilets, a utility room, and an office/study. I'd like a separate dining room but also room in the kitchen for a table and chairs. The garden needs to be a bit bigger than we heve at the moment, but still needs ponds, a greenhouse and shed. I'd also like a proper vegetable and fruit garden. So what would you have in yours or have you got it all just so where you are?
