

Task1. Dear Chris, I am so sorry about my absent in your party last night. My father got a headache, so i must took him to hospital. Luckily, my father is fine and i am at home at the moment. So i can go out with you on Saturday. Why don't we go to cinema to watch film? I know a well-known film and its name is "now you see me 2". I bet with you that this is a great film. This movie will be shown at 17p.m. So I will take you out at 15:30p.m, we will watch it at Sword Lake Plaza. Do you agree with me? See you soon. My please bach. Task2 Protecting the planet is not only the duty of a person, a government or a public, but also the duty of all people, all nations which exist on the planet. Why we must protect and look after our planet. The earth is not only human living space but also a source of natural resources to human exploitation. In addition, the earth protect people and creature away from external impacts. For example, Ozone in the atmosphere is responsible for absorbing and reflecting back the ultraviolet rays from solar energy.
