

task1. Hello you, I wanted to email you to say about when to meet celebrities. Celebrity meet me feel happy. What do you think when you see them. Seeing their celebrities as singer Thanh Trung, Ta Quang Thang... . I met them when they are at school cultural exchange. I always care about their favorite stars. Task2. When we phoned someone we need to remain polite. Call of himself; for others we need to note the following: not all are called to the others, saying prolific enough to hear the other party to hear, said to be clear otherwise makes listeners uncomfortable, .. This is what I can comment on. For example, when her mother called to say they have to offer and then say in the issues that need that phone. After his and his mother to finish talking, then greeted his mother and hung up. Let us remember civilized when communicating with others offline.
