

Task 1 Hanoi, Vietnam 26th June, 2016 Dear Jane, I am very glad to write to you. You'll still be OK? We have meet together yet when you came to the USA. I have just had a birthday with my parents and my friends. Unfortunately, you weren't here. I have been given many gifts such as doll dress, teddy,... Including, my favorite gift that his grandfather gave. It's a telephone. Because I can play games, listen to music, research facebook,... Having a telephone is convenient. Hmm. When will you come to VN? I always hope you go to there sooner. Love you, Thanh Nhan Task 2 In my opinion, traveling by air is very convenient. Because it fast arrive. As we well know, road accident rates higher than the air a lot. Although a bit expensive, but we can travel by plane as quickly as possible. Many work as singers or the director goes far signed unfortunately often by plane. Recently, there are many plane crashes to cause many people disappeared. That's what everyone else worry when traveling by air. So, traveling by plane with its two-sided. I hope that I will be tried feeling traveling by plane once.
