

Task 1 Hi Alex, i have just recieve your post card and i'm excited that you are going to visit my town next month. Now i will answer your question. The swimming pool here is very large and clean which is under a roof so you don't have to be afraid of the sun. The pool is not very far from the town centre so you can either ride a bike or take a cab there. It's only 3 kilometers. The weather is always hot here so the best time to go is in the morning which is the coolest time of the day. Looking foward to meeting you soon.

Task 2 I come from a family of 10 menbers which is 3 generations. It's a big family. Living in a big family has both advantages and disadvantages. First is the advantages. In a big family, members can support each other, it's always full of love, care. Nothing like breakfast, lunch and dinner full of laughs. Everything have the opposite side, a big family too. The world is getting more and more developing but people emotions is getting faded. Not every big family can be happy. In my family, we usually share dinner but behind some laughs, members talk behind our back. Brothers fight against another for inheritance. Living in a big family, sometimes we care for another but sometimes we talk behind back, have a fight with others.
