

Task 1. Dear Paul, I'm glad to receive your email. I'll get your house by car, so I'm going to start at 5:00 a.m, and I think I'll be there at 8:00 a.m. As I said before, I really like the landscapes in your hometown, therefore, if you have time, please to be tourguide for me. I'm looking forward to see you soon. Love, Task 2.

Nowaday, we are not strange with the phrases 3-D, 4-D films,.... Therefore, special effects is considered as an important fator in today's films. First of all, it create the real feeling for viewers. For example, with the 3- D, people could see clearly the images on the screen in three demensions. Secondary, special effects can create endless possibilitié and dreams, .. to life . In conclusion, special effects í the magis ò people's lìe
