

Task 1: Dear Lan ! Are you ok ? What you know? It can not elieve i met Son Tung MTP trade center in Lotte. He came there to perform. I was pleased to be signed and take pictures with him. I'm very pleased and happy to meet idol. He was very handsome and friendly. It's a pity because you were not there. Task 2 : Calling is one of the ways to communicate faster and convenient. Because the phone can use to hepl you talk to relatives, his friends are far apart though. For me, the phone is inseparable character, I always need it to be able to call my parents and friends. When I shut down and they can not touch me, they would be very worried. Even if we have never met or had never know each other, we can still call each orther. The phone call will hepl us close together and can care about each other more.
