Task 2: I like fashion casual because it very comfortable. Fashion is the issue that people are very interested in all areas, places such as: at home, at school or at workplace. I think that fashion at home is fairly simple because people can wear what ever they like, and so do. At home, I give priority to comfortable clothing, easy to move, movement and the clothes I like. In the summer, I often wear t-shirt, tank tops with shorts and in winter I wear sweater, long trouser or leggings and socks. Sometime I can wear pajamas to go to bed in winter. And about the color of clothes, I like to choose the clothes green because I enjoyed this color, then the white, black and grey. About material, I usually choose the cool material for summer such as cotton,... and clothes helps keep the body warm.
