

Task 1: Dear Leslie I'm happy for receiving your invitation to your 20th birthday party. Of course, on Saturday, I will come and celebrate your birthday with you and our friends. I decide to take part in with my new boy friend and introduce him to you. Is it OK? From my point of view. It will be more memorable if we prepare a profuse dinner by ourselves. So I will come early and buy food with you. After that, we will enjoy the slap up meal and chat with our friend. Also, we should prepare a birthday cake, lit the candle and eat with friends.

Task 2 One of most important festival in my county as well as other Asian countries is Tet, the Lunar New Year. This festival celebrates the beginning of a new year according to lunar calendar, which is around late January or early February. There are three main stage in this festival. Before the New Year's Eve, family members clean and decorate their house with kumquat and peach trees. They also shop for new clothes to wear on the occasion as well as a lot of food for family gatherings. On New Year's Eve. a big meal is prepared to welcome the very first moments of another year with family and friends. People eat, drink and sing cheerfully until the morning. It is our tradition that on the first three days, people visit their relatives and teachers. This is my favorite festival because it is the only occasion when all of my family members gather after a busy year. Beside, during Tet, I can completely relax and forget all about troubles of the previous year. Lunar New Year has such significance in my country because we believe that, whatever happens during the first days will be repeated the year. So, in order to have a new year full of good luck, we have to prepare carefully for the most enjoyable festival.
