

Task 1: Hello Sam! I'm very happy to read this email from you. I love all kind of music but I like pop music best especially my favourite band One Direction (or 1-D). I usually listen to their CDs. I have all their CDs from their establish to now. I listen this CDs every time ,every where or when I have free time. It's so great. I like this band when I was child. They are so handsome, kindly and humorous especially their voice are so sweet. All this song is a story about their love, their life. It's so interesting. Love Thuy Task 2: I think shopping online is better than going into shops. First of all, we can save our time and strength. We needn't go away from home we only need a click from laptop. All you need will deliver your home. Secondly, you can choose a lots of products in the same time you don't need wait time to pay it like supermarket. Thirsly, it's very safe, we don't worry about robbery or accident from vehicles. Finally we can buy product with 1? price. We don't pay tax. love shopping online vehicle
