My town is beautiful and peaceful. special it has a swimming pool and called: Tropical Pool. It is 5km from the town center to get there. You can go to Tropical Pool by bus. or you also can get there by your motorbike if you know ways. And the weather in here is quite hot so you should take the bus in the afternoon to go to the pool. I think the traffic is complex in the rush hour so you should not drive the motorbike to get there. The Tropical Pool is big and water in here is really clean and cool. It has a lot of area with water level is different. I sure that when you get there, you will love it immediately. Have a good travel! Best friend Thao Task 2: I am living in the big families include: grandparents, parents, my brother, my sister anh í. My family always happy and concord. In my opinion, when we are living in big families has advantage such as: we have to prepare big meal every day, we always busy with homework because of crowded. outside we also
