

Task 1: Hi, Alex. I am very happy to be your friends. Now I'm 19 years old. I have a younger brother. His name is Kien, 15 years old this year. We live very close, harmony. Talk about my hobbies, I like a lot of things. My favourite hobbies are watching movies, listening to music, shopping, reading, going out with friends, ... I often watch the action movie. However, I would hear the music very soothing. Read some books about life and people. Thuy
