

Q36 Task1 From: Tu Anh To: Christ Dear Christ! Thank for your last letter. I was so happy to see it. Today I will tell you about my new present. My birthday was last week and I was given many of gifts. I like the CD of the movie "The Fault in Our Stars". It is a 2014 American romantic drama film directed by Josh Boone. It is based on the novel of the same name by John Green. The story is about when a sixteen-year-old cancer girl patient first met and falling in love with another cancer boy in support group. For the first time I've heard the title, I was curious right away. I was impressed on the actress's performance and forgot it was based on a story. The OST are very great and suitable for the movie. I really like it. Write me soon ok ?  
Your friend, Tu Anh.
