In the letter you wrote to me, you said you wanted to visit a famous zoo in Hanoi and asked me about it, so I'm writing to tell you about that. I think Thu Le Zoo is an interesting place for us. I visited it last weekend and we felt very comfortable there. Visiting Thu Le Zoo, you can see many kinds of animal, including rare animals. You can also enjoy a fresh air with lots of trees and flowers. Not at all, Thu Le Zoo has grounds for us to play outside games. I think you will like the visiting to Thu Le Zoo. I'm looking forward to seeing you. Love, Lan

Task 2: Nowadays when there are less leisure areas for teenagers because land is used for building, I think theme parks are the best place for them to play. Firstly, there is fresh air and little noise there so teenagers can play in a comfortable atmosphere. They can feel relaxed after hard working. Moreover, theme parks are wonderful place for outdoor activities with wide grounds. Teenagers can grow their physical health. Finally but important, playing in theme parks together improves friendship. Nowadays when computer games make the young passively and lonely, theme parks are place where friendship forms and develops.
