

Task 1: Hi Linh, Last week I had to go in Hanoi zoo. It's Thu Le zoo. It is very big and its many unknown animal. Let's go with family and friends. I went to visit the animals and learn them to know more. We have organized some games there. If one day you came to me, I will take you to see the fun in it. Love, Linh Task 2: I do not quite agree with this view. The park is a place of fun and relaxation for young people today and many others. But there are many more interesting places to play park for young people: the place of tourism, recreation, ecological zones. I often go to the park not only to play but also to relax after school stress
