

Task 1 Hi Paul, I also very pleased at the thought of seeing you on Saturday . Surely when we'll see about fun time together . I'll come at 8 o'clock . On arrival we can play games together or there will be a great picnic. See you soon. Your, Hanh

Task 2 Nowadays the movies with spectacular tricks and special effects are winning more hearts of the audience watching the film . Scientists and art cinema was explored and creativity in the production of 3D movies , 4D as now . In my opinion the movie special effects are great audience with the feeling that the film brings. With special effects , the audience not only enjoy films in a simple way that makes the viewer as the film was so optimistic . Creating the effect of the film is a good scientific progress . It also will encourage scientists to increasingly creative , social protection is growing and developing .
