

task 1 Hi, Alex. Thank you for writing to me , very happy to be your friends my name is Hoai , 19 tuoi.toi I have a brother and a sister . This year my sister is 23 and is an accountant at a company that was 21 years old and my brother is a student. talk about interests me. I love to travel , love to get used to chat with friends , like to eat together , sweet candy so I was a little fat man at all and especially I love to play sports again some games like basketball or volleyball Shuttlecock .. Please write to me and tell me things about you offline Hoai task 2 it was suggested that the moon and space are popular places to vacation in the future in my opinion, it is very unlikely to happen because there as a new world that few people have the opportunity to explore and conditions. to create it to become the first resort we must understand the conditions of the facility has the appropriate matching human or not. to build it how and how people can reach it without having any dangers whatsoever. and the people also must have high professional knowledge to learn about where to get ready to design a resort there. now and in the future we can choose the resort that suits you eg seafaring tourist trips to the country, can resort in the park or sanatoriums. ohuf places where it is very familiar to everyone and without genealogy go far. to those places to become the best resort and became popular with everyone in the state and investors should focus its development cycle correction , creating all favorable ddieud most people feel the most convenient and comfortable when going on holiday
