

1. TASK 1: Dear Alex I am Nguyen Thuy Duong, I am 20 years old. There is a old sister and an younger sister in my family. I like reading book, singing Vietnamese songs and especially travelling with my cloth friends in Vietnamese Holidays. Thanks and best regards Nguyen Thuy Duong 2. TASK 2: The Future of Travel is Moon and Space in the world. Now, we have traveled many place both in Dosmetic and International Destinations, but Moon and Space Travelling is still new and strange type of travelling. This type of travelling is suitable for rich person who can afford of alot of money for each journey in about 20 millions US dollars. Moon and space Travel will be a big opportunity for travel agencies and it will make a good revenue for the nation who can bring people to the Moon and Space in the future. I hope that in near future Moon and Space Travel will be available for me and my friends to travel
