

Task 1 Dear An Vy is my neighbor. She turned twelve recently and her parents held a birthday party for her. I was one of those invited. The party began at about three in the afternoon. There were about twenty of us children gathered in Vy's house. We were all dressed in our best clothes. Everyone, especially Vy, wore a happy smile. We gave our presents to Fiona and she happily opened them. It must really be exciting to receive all those presents. After that Vy's mother served us soft drinks and delicious tidbits. We then played some games like "Musical Chairs" and "Treasure Hunt". The winners were given prizes. At about four-thirty Vy's mother brought out the birthday. It was beautifully decorated with pink and white icing. Twelve colorful candles sat in the middle of the birthday. We all sang "Happy Birthday" to Vy after which she blew out the candles and cut the ***e. We clapped out hands eagerly. We helped ourselves to slices of the delicious . Then we continued our games. Finally at about six in the evening the party came to an end. We were all tired but happy. The parents of the other children came to collect them. I helped Vy and her mother clean up the mess we made. After that I walked home which was only two doors away Love Ha Anh
