

Task 1: Dear Eric, I like meat. Please buy some beef and make some steak. I also want some potatoes salad. I'll be home at 7pm. See you then. Best regards, Thuy Task 2: I agree that it's bad to keep animals in zoos. They are wild animals, so they should live in nature forests. If they are kept in the zoo, they will lose their wild instinct. In the zoos, without their herds, they will feel lonely and soon will die.
