

Task 1 Hoai Duc province, Ha Noi Dear Trang LiLy Last month, In the noodle restaurant I met Bill Gates . He is one of the richest businessmen in the world, who is the founder of the largest computer and technology business in the world, Microsoft. In the company's early days, no one would have thought that it would change both America and the world from that point on. Gates and his company have created both computers and software that has revolutionized everything in America and the world. What is more amazing is the company continues to grow and revolutionize the ways in which Americans live out their lives. Most importantly, Gates makes people comfortable with his software by making it operate easier and more enjoyable. Bill Gates is living the American dream. Bill Gates is a modern business phenomenon. His story is not simply a story of technical brilliance and enormous wealth; it is one of remarkable business vision and an obsessive desire to win. Love , Nguyen Thi Ngoc. Task 2 Mobile's products and the achievements of science and technology sector of high technology in the information age. It is like a bridge to help people more closely together. It is capable of closing the gap space and shorten the time for humans. Those utilities that mobile phones bring significant real person, but how to use it for proper purposes are problems worth mentioning. Mobile today has overcome hearing and speech functions, to become a multimedia gadget with lots of shooting, filming and recording. If the former, the ads on computers that: "With the Computer, you can bring the whole world about the room's You", the mobile phone was able to say: "The whole world is fit in my pocket, "with so many practical utility, can talk with each other anytime, anywhere. Earth becomes as small as a village.
