

Task 1: Hi Ally So regret that you couldn't come to my birthday party. But i'm understand that you very busy with your work so i don't mind at all. It's a interesting party. All of our friend went to join with me and i had been given a lot of presents. Some of my friend couldn't come, they sent me a birthday card. Do you remember Sam? He gave me a new television, I like it very much. Next year, i hope you will come to join with us. I look forward to hearing from you sincerely Trang

Task 2: "An ideal house only needs to be large" That's an ideal ! And i completely agree with this opinion. First of all, i will talk about the importance of ideal in daily life. Any work need to have an ideal, with ideal we can implement their goal. Let get an example, Thomas Alva Edison is a greatest person, a great inventor. In that moment, It's doesn't have any light pub at all they used candle. Edison have an idea and he reach his goal. We can not become as great as Edison but we need idea to apply into our life. The more bigger ideal the more you can get success. In the future, i will become a teacher, i need a lot of ideas to make my lesson become more interesting so that my student can fell excited when they learning. In summary, ideal is very important, it make your job more easily, make a life become better, help you success. So an ideal house needs to be large.
