

TASK 1: Dear Alex, I'm very happy to see you soon. The weather here is very beautiful but it's sunny in morning and cold at night. You should bring long sleeves and jeans. In the morning, when we go out you can short and tanktop but at night so cold. I can't wait to meet you. Love, Trang

TASK 2: A successful film only needs famous actor? I don't think so. A successful film to have the content and the meaning. In addition to the image in the film is also beautiful. Cast only a part of the film success, not all. If a film has a very beautiful actress without content, the film that also failed. So, I think famous actor isn't all!
