

Dear Chris, Thanks you for invited of you but I'm really sorry. I can't make it after all. Some urgent business has suddenly cropped up and I didn't be able to meet you last night. Could we meet on Tuesday instead? Let's go see The Matrix. It's great ! Let's meet at the theatre at four o'clock . Bye Ly Task 2 After the planet has a lot of mysteries and interesting that we can not know all. There are other asteroids, constellations, star. If they will have to learn a lot of cool stuff but humans have been affecting everything especially the warming of the earth. There are many reasons why the earth became so: environmental pollution, excessive discharge of toxic gases. The pollution that has affected the atmospheric system, human health and every species of vat. We need certain solutions for this. It was planted many trees, limiting toxic emissions, protect natural to help the planet and healthier.
