Task 2 You like this film because of effect. Don't like you, i like this film because they have got many popular actor. Robert Downey Jr as Ironman, Chris Evan as Captain America, Elizabeth Olsen as Scarlet Witch, Sebastian Stan as Winter Solider, Scarlett Johanson as Black Widow, Anthonie Mackie as Falcon, Chadwick Boseman as Black Panther, Paul Rudd as Antman, Jeremy Renner as Hawkeye, Don Cheadle as War Machine and Tom Holland as Spiderman. With all of famous actors, even the film was boring, it still atractted me. These actor beside of their spectacular acting, they have other thing that make me want to see the movie again. And this reason is their perfect face. Anyone of them can sign America next top model and easy to take the first price. Enough about actor, the second thing i like at this film is their magical music. If you listen it just one time, your ears will scream to hear it again. This tones will stay in your head forever. I like Captain America 3: civil war because of two reason i just told.
