

TASK1: Sorry Chris, I could not go to the party last night because I met my old friends. Are you free in saturday? I would like to meet you to ask somethings. Besides I want to go to cinema with you. I'm looking forward to you like it. TASK2: We must all look after the planet. Because planet is the enviroment for people to live. Are you aware of the impacts that you have on the enviroment? I think that one of the the reason to look after the planet is a clean enviroment. It's essential for healthy living. when the earth is sick and polluted, human healthy is impossibe.... To heal ourselves we must heal our planet we must heal ourselves. Besides biodiversity is important. Many of our basic necessities that we need to survive are provided because of biodiversity so we care about them also our planet.
