

task 1: From: Phuong To: Sam My favourite band is Westlife. Do you know? I listen to their CDs anywhen I can, example: on bus, in free time, at home, at class . Reason?? I like the band because they are handsome and have attractive voice. You know I like handsome boys!! If you have free time, listen their songs. Task 2: Shopping online is better than going into shops. I think so. Because it saves a lot of time. You can use the time to do things else, example: homework, housework,... And it has variety of product. You can find products which I like. Besides, it has disadvantages. Products don't have good quality as you think. Sometimes, your products aren't transported in time. Although I still love shopping online.
