

Task 1: Dear Tom! Your question reminds me of a trip extremely interesting zoo I've ever come. I'll tell you about it. Zoo's named Thu Le located in Hanoi. In which the air is fresh and there are many different animals. Therefore, it attracts a lot of tourists come to see, especially children. That day, my parents held me and my brother's birthday hang round my 5 year old children. My brother was so excited, it's like the most is seen elephants and lions. When we went to the zoo, there is a lot of visitors are playing tickets, so we have to wait very long to get a ticket on it. We go to visit every place in it and learned a lot of animals that we never looked over. My brother loves to eat monkeys, it was holding a bag of food brought to the monkeys and the occasional trotted out this animal looked to that creature with eyes amused. We lunch in a grassy area for self-catering guests, and that such a camp full of fun. After lunch and rest at that, the afternoon we go to play games such as rides, rolling a ball on the water, ....really happy. It was a trip that I can not forget. You try to go out there once then, I am sure you will be extremely happy about it. Love! Task 2:
