

Task 1: Dear Spencer, I'm very happy to meet you near my house on Saturday. I think we shall eat in my cousin's house. She is very kind and friendly. I think she makes us comfortable. I can come at 6.00 p.m. You can park your car in her garage. What kinds of food do you like? Please tell me about your ideas. I'm looking forward to seeing your letter. Regards, Ha

Task 2: Travelling alone brings us a lot of benefits. Firstly, you see what you want and forget about the rest. You get to make the calls maybe you feel like a social butterfly one night, a total hermit the next. Secondly, it's easier to meet people. If you're travelling in a group, you're really not very approachable, are you. Other travelers will be less likely to come up to talk to you because you are kind of look busy. Besides, it's safer than you think. Of course, it depends where you go but as long as you're taking necessary precautions. Lastly, you will learn so much about yourself. You will start understanding yourself on a level you probaly didn't even know was possible.
