

Task 1: Hi, Cham! how are you?, I am still ok. Last sunday I vitsited Thu Le zoo with my friend. That day was so great. I took the bus to go there. Thu le zoo is in Kim Ma street, I have to take the bus no.32. I played a lot of game in there like: gosh's house, super train,....I took some photograph. I hope we will meet soon and We will go there. Love you! Task 2: I think Theme parks are the best place for teenagers to play now. Because that is a large place where they can play some game and do exercise. instead of they spend all time to play computer game. in there the air is so fresh, we can have the good health when we alway go there. so, everybody should go to the theme parks.
