Dear Sam, I am very happy to receive your letter, let me send my regards to your family. Talking about the band, I loved the Big Bang, is the idol Dragon toi. Ho has many good songs, I often hear in my spare time. Their songs bring me comfort, fun and relaxation. You ask me why I like them? Because their songs make me feel loved, they always exciting and makes listeners feel no anxiety or fatigue. I believe you heard their CD, you will love them like I do. See you soon, Your friend Uyen Today, modern technology makes human life becomes more comfortable. We may not need to go out and still be able to buy yourself the items you like. Online shopping online is the way that many people use. Can not match the benefits that it brings to people like; save time, reduce transport load, freely select and compare before buying disciples .... But it also has a negative side; you can not touch the items to know it is good or not, you must pay the travel expenses for the seller and the possibility that you cheated is also very high. What about the direct purchase at the store, why? Either way there are also two code . What about the direct purchase at the store, why? Either way there are also two sides of it. Direct purchases, you get the best items for you, nice choices at reasonable prices. But it consumes a lot of your time and limited quantity items. Therefore, we can not be anything better for the public. Just the way the choice of each person is different.
